DECEMBER

Dear Parent

Greeting of the Day!

As the dawn of a new year sets upon us, it makes the beginning of a new chapter in our life, one filled with good wishes and love and with this we welcome December. It is the coldest time of the year when snow falls soundlessly in the middle of the night filling everyone's heart with pleasure.

Every year Christmas is observed on 25 December as a celebration of Jesus' birthday. There is a lot of excitement about Christmas all over the world.

We trust that your child will be happy with us as each day is planned for your child's enjoyment and development. The program each day is varied and includes creative activities, sand, water, painting, table games, construction, information technology, music, stories, outside play, play dough and weekly cooking activities.

Kindly go through the information sheet carefully as it will keep you updated with the curriculum for the month of December.

Here comes Santa Claus, here comes Santa Claus, Right down Santa Claus lane. He'll come around when the chimes ring out, that it's Christmas morning again.

Peace on earth will come to all, if we just follow the light, So let's give thanks to the lord above, that Santa Claus comes tonight!
