At DPS Hathras, we provide such an academically rich as well as activity rich environment and curriculum where the child can explore, develop and realize his true potential to become global citizens. Here, we hope to create an atmosphere of reverence for education and a healthy environment where work, sports and co-curricular activities will mould our students and spur them on to be the brightest and the best. As a parent you want the best for your child and we are proud to be working with you to ensure that they are given the right knowledge and education to face future challenges.
