Dear Parents,

Welcome and congratulations for the New Session 2024-25.

Delhi Public School Hathras with full enthusiasm welcome our students and parents. Delhi Public School Hathras, seeks to provide an environment of education that allows children to understand ways of making their life meaningful. Our school incorporates the methodology of our Delhi Public School Society to get the best out of every child. At DPS Hathras, we provide such an academically rich as well as activity rich environment and curriculum where the child can explore, develop and realize his true potential to become global citizens. Here, we hope to create an atmosphere of reverence for education and a healthy environment where work, sports and co-curricular activities will mould our students and spur them on to be the brightest and the best. As a parent you want the best for your child and we are proud to be working with you to ensure that they are given the right knowledge and education to face future challenges. Education is not just a process of giving knowledge for a future job but a life long process which creates an understanding of moral and ethical values to guide one's life and make our students the future hope of the country.

We, welcome your suggestions and ideas. Please go through the information sheet about various activities and encourage your child to participate in them.

We, wish you all a very rewarding and a successful experience at Delhi Public School Hathras.
